

BRIDGE Health

ROUND TABLE: ESSENTIAL FUNCTIONS OF AN
EU HEALTH INFORMATION SYSTEM

EUPHA 11.11.2016

... working towards a **health information and data generation network** in the European Union covering major European health policy areas both for

- population health and
- health system performance.

Horizontal activities

- BRIDGE Health is working through horizontal activities that tackle generic objectives
 - Brings together expertise from different health information domains
 - Building blocks of EU HIS
- The outcome is:
 - A set of technical blueprints to get the EU HIS started

Horizontal activities

Horizontal Activities
1) Transferability of health information and data for policy
2) Health information inequality within the EU and within MS
3) Information at regional level (ECHI indicators, health inequalities) and for specific population groups
4) Standardisation methods of the collection and exchange of health information
5) Data quality methods including internal and external validation of indicators
6) Priority setting methods in health information
7) Ethical and legal issues in health information

Overarching activity

- Deliver a concept paper describing the scope, tasks, activities and governance structure of a EU Health Information System.
