

## EPH Conference

From 14 to 17 October, the 8th European Public Health Conference, organised by EUPHA and APSHER, took place in Milan. During this conference several BRIDGE Health WP leaders presented their work in the framework of the project. These presentations are available for download on our website.

## A word from the BRIDGE Health Coordination team

Six months have passed since the official start of the BRIDGE Health Project and many activities are now up and running. In October all Work Package (WP) leaders gathered at the second Steering Committee to work on the Concept Paper describing a future European Health Information System. Also the outlines for the project's Horizontal Activities were drawn. In the past few weeks a questionnaire was sent around for all BRIDGE Health partners, which will serve as a starting point for the further development of the Horizontal Activities.

In order to allow all those who are interested in the BRIDGE Health project to read about our activities, results and publications, we are now launching this e-newsletter. We hope you will enjoy following our work.

## Healthy Life Years

On 30 October, a meeting entitled "The EU healthy and active ageing target: aiming for two additional healthy life years at birth by 2020. At midpoint, where do we stand?" was held in Brussels. This meeting was co-hosted by the Belgian Scientific Institute for Public Health, the BRIDGE Health project and EHLEIS, and was attended by over 70 participants from 17 countries. You can find the meeting programme, as well as all presentations on our website.

## Follow us

The BRIDGE Health project wants to offer clear and accessible information on its activities and progress to anyone who is interested (including professionals from the public health domain as well as non-professionals). To achieve this goal, we have developed several tools that allow you to follow the project's activities: a website, a twitteraccount and finally this e-newsletter. You can access these by clicking on the icons to the right. Feel free to forward this newsletter to colleagues and friends to encourage them to take a look at the BRIDGE Health project!

## Upcoming

Steering Committee III, 9-10 Februari 2016, Brussels  
Steering Committee IV, 20-21 April 2016, Brussels  
General Assembly, 21-22 April 2016, Brussels
